(Place) (Date)

General Manager's No. 0- 779
Ass't Gen'l Mgr's No. E&R-1604
No. _____

Authority for Expenditure of \$ 7616.00 is requested for purpose of constructing temporary
lunch room & kitchen to property at Roseville, California.
(Station or Location)

Description of project:

Construct temporary lunch room & kitchen.

Recommendations:

At present there are no facilities at the ice plant to feed the Mexican Nationals housed at Roseville. In the past, we have arranged with local restaurants or private families to board these employees. This served the purpose for a crew of 140 to 150 men but it was not satisfactory from an operating standpoint as invariably during peak operations when men were required for icing operations they were away for meals or were held up from going to meals. This year we anticipate a crew of 200 Nationals and the additional men cannot be boarded as all available accommodations are exhausted.

Proper control cannot be administered with employees leaving premises, resulting in absenteeism, and when occurring during heavy icing period results in train delays.

In order to insure normal operations at all times proposed facility should be constructed.

As there will be no need for facilities after the duration the expense is properly chargeable to operating as shown.

Not included in 1945 operating budget. Item was included in capital account budget for \$14,155 but was decided only temporary facilities should be provided.

WORK ORDER AUTHORITY

100-100000

San Francisco, Calif., March 28, 1944
Asst. General Manager, U.S. Navy
San Francisco, Calif., March 28, 1944

Re: Construction of temporary housing for the Navy at the Naval Air Station, Alameda, California.
Construction of temporary housing for the Navy at the Naval Air Station, Alameda, California.

At present there is no indication of the time to be required for the construction of the temporary housing. In the past, we have arranged with local contractors to provide temporary housing for the Navy at the Naval Air Station, Alameda, California. This type of housing is of a low cost and is suitable for the temporary housing of the Navy. It is estimated that the cost of the temporary housing for the Navy at the Naval Air Station, Alameda, California, will be approximately \$100,000.00. This year we anticipate a cost of \$100,000.00 for the temporary housing for the Navy at the Naval Air Station, Alameda, California. The construction of the temporary housing for the Navy at the Naval Air Station, Alameda, California, is being considered as a possibility for the future.

Proper control must be maintained with employees leaving premises resulting in the construction of the temporary housing for the Navy at the Naval Air Station, Alameda, California. Results in this respect should be considered. In order to insure proper control of the temporary housing for the Navy at the Naval Air Station, Alameda, California, all times proposed facility should be considered.

As there will be no cost for facilities after the duration of the expense is properly charged to the construction of the temporary housing for the Navy at the Naval Air Station, Alameda, California.

Not included in the cost of the temporary housing for the Navy at the Naval Air Station, Alameda, California, is the cost of the temporary housing for the Navy at the Naval Air Station, Alameda, California. This cost is included in the cost of the temporary housing for the Navy at the Naval Air Station, Alameda, California. The cost of the temporary housing for the Navy at the Naval Air Station, Alameda, California, is being considered as a possibility for the future.
